Gorilla[®] Hose

Industrial Hose

Performance Warranty

www.contitech.us

ContiTech

How It Works

We are so confident the Continental ContiTech Gorilla® Hose will outperform the multipurpose hose you are using now that we will give you double your money back if Gorilla does not do the job.

Simply let us know that you have a multipurpose hose test application in which you want to try Gorilla Hose. Give us some details about your application, what brand and type you are currently using, and how much service life you have been getting.

We will deliver the required test length of Gorilla Hose and invoice you at the normal selling price.

Gorilla will outlast the multipurpose hose it replaced, or we will give you back double what you were invoiced.

No catch. No strings. No gimmicks. It is just our way of demonstrating Gorilla will perform to your satisfaction - and our warranty frees you from any concerns in trying our product.

Why We Can Make This Offer

Simple. We have better product to sell and we stand behind it.

We use premium-grade materials, innovations in design and engineering and advanced production techniques to produce the most consistent quality in industrial hose.

This is your assurance that Continental ContiTech hose provides the best value of any multipurpose hose in the industry.

Do not take our word for it. Try Gorilla® Hose on the job and see for yourself. You cannot lose.

How You Collect If You Prove Us Wrong

In the unlikely event that the Continental ContiTech Gorilla Hose does not last longer than the multipurpose hose you have been using, simply return the used Gorilla hose to us.

We will give you back double your invoice price in return. It is that easy.
